

KAMIC ACCESS ASSEMBLED PATCH CORDS

Optical fiber patch cords

Arctic access assembled patch cords for easy handling and management of larger numbers of patch cords. Custom made to suit the intended application perfectly. Single or Multi Mode, different end-lengths for neater installations, all standard connector types and more.

- Single or Multi Mode
- All standard connector types available (SC, LC, MTRJ, MU and ST, UPC or APC)
- Custom made lengths (end-lengths, length of sleeve, total length)
- Optically inspected and tested

Type	Single Mode UPC		Single Mode APC		Multi Mode	
	Max	Average	Max	Average	Max	Average
Insertion loss (dB)	0.20	0.15	0.20	0.15	0.30	0.20
Return loss (dB)		-55.00		-65.00		-35.00
