

# MODUFLEX COPPER PATCH CORDS

## Copper patch cords

**Arctic moduflex copper patch cords**, among the most well-reputed Cat cables in the industry. High quality patch cords ideal for tough and demanding installations. The patch cord is of the not squeezed type, which means that it remains its characteristics when under stress. This keeps the network's transmission speed and performance unaffected.

- Cat 5E and Cat 6
- Shielded or unshielded
- Shielded cables surpasses EU norm EN-55022
- Available in several colors
- Standard lengths between 0.5 and 20 m, other lengths upon request
